Subj: Will You Help A Child To Learn To Speak???

“The Scottish Rite Masons Helping Children Communicate.”

Through the efforts and dedication of the Brethren of the Ancient and Accepted Scottish Rite of Florida, the Scottish Rite Foundation of Florida, USA, Inc. sponsors fourteen Childhood Language Disorder Clinics in the State of Florida. The net proceeds from this Golf Tournament will go to these clinics located in Florida.

On the reverse side is a poster with all the information listed on it. Call me (321-288-2703) if you have any questions. Below is some of the ways you can help:

1. **We need golfers.** Plan your own foursome and call now. You may “Bring a friend”. You can sign up now and pay when you get there. I need a list of your team players as soon as possible. Try to put together a foursome; otherwise, you will be assigned to one.
2. **We need “Hole Sponsors”.** The cost is \$40.00. Ask a business friend. Get a check and Business Card or the name of the sponsor and send it to me so I can get signs made before the Tournament. The signs will be posted throughout the course for recognition.
3. **We need “Corporate Sponsors”.** Their cost is \$300.00. This will pay for a sign and four golfers.
4. **We need “Gold Patron Sponsors”.** Their cost is \$500.00 and is fully tax deductible.
5. **We need “Platinum Patron Sponsors”.** Their cost is \$1000.00 and is fully tax deductible.
6. **We need names of Brothers who “do not” play golf** and are willing to come out on that day to assist.
7. **We need gifts to be donated** which can be given away at the Tournament as prizes. Nothing will be refused and I will see that you get recognition for the donation of that gift.

My Friends and Brothers, with your support, this can be a successful event. I need you on my team to help raise money for this charity. The fraternal fellowship will be good for you and help children learn to communicate. If you will make this announcement at your next regular meetings and post it on your bulletin board, I would greatly appreciate it.
